## EDUCATION

### Master of Science in Design + Innovation

University of Wisconsin-Madison

August 2025 – August 2026 GPA: 3.95

### Bachelor of Science in Informatics with a Minor in Human Computer-Interaction and Web Design

Indiana University

August 2021 – May 2025 GPA: 3.8

---

## PRODUCT & DESIGN EXPERIENCE

### UX Designer (Product & Interaction Design)

UW-Madison MD+I | August 2025 – August 2026

- Mapped intricate user flows and wireframes, translating user needs into intuitive digital experiences that enhanced product usability by 20%.
- Implemented accessibility standards, boosting WCAG compliance by 30%, and expanding digital access.
- Translated user research and stakeholder feedback into 5+ actionable product recommendations.

### Product Designer & Front-End Developer

Housingkind | December 2025 – May 2026

- Engineered and launched an AI-powered housing platform using React, TypeScript, JavaScript, HTML, CSS, and Claude Code, driving 25% increase in user engagement.
- Drove MVP strategy and feature prioritization by conducting 15+ stakeholder interviews to inform user flows.
- Optimized user interaction with an AI chatbot, saving users 8+ hours per week in query resolution time.
- Led a 4-person cross-functional team using agile methodologies from product discovery through launch.

### Digital Design Intern

OUTFRONT Media | June 2024 – August 2024

- Engineered an AI-powered ad copy validation system, reducing ad rejection rates by 35%.
- Developed low- and high-fidelity prototypes for the MyOutfront B2B SaaS platform, improving workflows by 30%.
- Collaborated with cross-functional teams through 10+ feedback cycles to deliver user-centered digital solutions.

### Creative Design Intern

OUTFRONT Media | May 2023 – October 2023

- Facilitated weekly ideation workshops, generating 20+ design concepts that improved UI usability from 3.2 to 4.5 stars.
- Created 4 category decks, 15 billboard mockups, and 8 multi-platform campaign visuals using Adobe Creative Suite.
- Applied typography, color theory, and visual storytelling to enhance 4+ brand campaigns.

### Web Client Team Lead & UX Designer

Serve IT at Indiana University | January 2022 – May 2024

- Led the redesign of a nonprofit website serving 3,000+ monthly users, improving user journeys.
  - Facilitated stakeholder discovery sessions, uncovering user needs that shaped 8 new product features.
  - Created wireframes, user flows, and interface designs, resulting in an 18% reduction in user errors.
-
